

RECYCLING GUIDE

DIFFERENT KIND OF WASTE	EXAMPLES	WHERE TO LEAVE YOUR WASTE	
		Kalmarhem's recycling house.	A municipal recycling station.
 DOMESTIC WASTE	Diapers, tampons, sanitary towels, dust-bags, dish-brushes, chinaware, plastic toys, Swedish snuff, dog-ends, leftovers, flowers and flower soil, wet paper, coffee filters and tea bags.	●	
 FOOD WASTE Placed in a green bag tied together and placed in the garbage bin for DOMESTIC WASTE.	Food scraps, fruits, vegetables, coffee, tea, shells, bones and fats are added in KSRR's green bags. This should not be placed in the green bag: Paper, animal latrine, plants, flowers, tobacco and medicines.	●	
 MAGASINES AND PAPER	Newspapers, journals, catalogues, leaflets and writing paper,	●	●
 CARD BOARDS	Empty milk-, sour milk- and juice packings, egg-boxes, paper bags, corrugated cardboard.	●	●
 METAL WASTE	Tins, metal lids, tubes of metal (for caviar, toothpaste etc), aluminium foil, aluminium forms, bottle caps and tubes for tablets.	●	●
 HARD/SOFT PLASTIC	Shampoo- and soap bottles, detergent bottles, margarine boxes, cottage cheese packnings, ice-cream boxes, food boxes, plastic lids. Plastic bags, empty toothpaste tubes, cling film, soft refill packning, cellophane, styrofoam.	●	●
 COLOURED GLASS	Emty glass bottles without lid.	●	●
 UNCOLOURED GLASS	Empty glass bottles without lid.	●	●
 BATTERIES	Small batteries under 3 kg.	●	●

Electronic waste, bulky waste, hazardous waste and metal are left at the municipal recycling center.
