Application for exchange of parking/storage

To exchange parking space, garage or storage, considerable reasons and any attachments that justify the reason for the change are required. A change made without approval or if the approval is based on incorrect information could lead to getting your rental agreement terminated.

From the time Kalmarhem receives a complete application, the processing time is about three (3) weeks. All parking cards, keys and tags belonging to the parking space, garage or storage must be handed over to Kalmarhem's housing office when the new rental agreements take effect. In the case of a new rental agreement within Kalmarhem, points will be zeroed.

This exchange applies for

☐ Parking space   ☐ Garage   ☐ Storage

Requested date for exchange (if later than three months after the application is received)
Reason for the exchange

Exchange part 1

Address	Object number (ex: 170-2103)
