

Application for moving rental agreement earlier

Have you and the next customer agreed on an earlier date for moving in, at least one (1) month earlier than ordinary agreement? Then this form must be handed in complete and signed by both parts. The agreement is rewritten with a new access date, provided that the next rental invoice has not been announced. From the time Kalmarhem receives a complete application, the processing time is about three (3) weeks.

You as a current contract holder are responsible for having a final inspection carried out before the new requested date for the contract. **If you fail to attend the inspection, Kalmarhem will charge you 300 SEK.** Therefore, contact Kalmarhem immediately if the proposed inspection time does not suit you.

The application is for
